

# CNC Machine Operator - Woodworking (m|f|d) 80-100%

Gossau SG, Switzerland

As a leading company in the timber industry and in timber and silo construction, Blumer Lehmann uses the diverse potential of wood innovatively and in the sustainable value-added cycle. Our employees are committed to a wide range of customer projects at our headquarters in Gossau SG, at our locations in Switzerland, Germany and Luxembourg, as well as on assignments around the world.

## Your tasks

- In this position, your main tasks include the operation and maintenance of our unique and state-of-the-art portal processing systems.
- As part of a small team, you will also play a central role in the organisation of production processes and coordinate the flow of materials.
- You will actively shape our processes and production sequences with great commitment.

## Your skills and experience

You have completed vocational training as a carpenter, joiner, polymechanic or similar and have practical experience in working with computer-controlled processing systems. Good computer skills are an advantage. We want you to be a team player, independent and down-to-earth. A go-getter who is willing to work shifts and take on responsibility. The age on paper is not relevant, but your alert personality to tackle these tasks with verve.

### **We offer**

We offer you an interesting job in a successful and innovative company where active thinking is valued and you can develop yourself further. In addition to an open working atmosphere in an open-minded team, an appreciative working environment is also part of our offer.

We look forward to receiving your online application.
