

Project Developer | Salesman Timber Construction (m|f|d)

As a leading company in the timber industry and in timber and silo construction, Blumer Lehmann uses the diverse potential of wood innovatively and in the sustainable value-added cycle. Our employees are committed to a wide range of customer projects at our headquarters in Gossau SG, at our locations in Switzerland, Germany and Luxembourg, as well as on assignments around the world.

Your tasks

- You enjoy developing projects for clients and investors and using your professional and social skills as a consultant.
- You work on new cooperation models (e.g. work group competitions) and maintain the valuable customer network in Switzerland.
- You prepare calculations and offers and are jointly responsible for ensuring capacity utilisation.
- Thanks to your customer-oriented, honest and competent manner, you are valued as a discussion partner and the collaboration brings added value for everyone.

Your skills and experience

You have trained as a timber construction foreman, technician HF wood technology or timber construction engineer. You convince and fascinate with your knowledge during presentations. You are a team player, act in a structured manner and have a high level of commitment. Written and verbal communication with our customers is natural and honest.

We offer

We offer you an interesting and versatile position in which you can use your human and sales skills. We also offer a growing, tradition-conscious and at the same time innovative environment with flat hierarchies. We are looking forward to a humorous and down-to-earth doer with a healthy attitude to life.

We look forward to receiving your application documents via our homepage.
