

# Project developer Conversions /renovations (m/f/d)

Gossau SG, Switzerland

As a leading company in the timber industry and in timber and silo construction, Blumer Lehmann utilises the diverse potential of wood innovatively and in a sustainable value-added cycle. Our employees are committed to a wide variety of customer projects at our headquarters in Gossau, Switzerland, at our sites in Germany and Luxembourg and around the world.

## Tasks

- You advise clients in our specialist areas of remodelling and renovation.
- You are willing to expand and further develop our regional remodelling activities.
- You calculate offers and conclude contracts.
- You actively cultivate your network and acquire new customers.
- Thanks to your customer-orientated and competent manner, you are valued as a dialogue partner and the collaboration brings added value for everyone.

## Requirements

You have a qualification as a timber construction foreman, HF wood technology technician or timber construction engineer. You already have experience in traditional timber construction and/or in remodelling and renovations. You impress and fascinate your customers with your expertise. You are a team player, structured and have a high level of commitment. Your written and verbal communication with our customers is natural and honest.

## **We offer**

We offer you an exciting job in a successful and future-orientated company. In a secure working environment, you can make a full contribution and develop yourself further. We cultivate an appreciative approach and the necessary humour at work is a must.

We look forward to hearing from you. Simply get in touch with a "short application". Of course, you can also submit your application documents via our online application form.

We look forward to receiving your application documents via our homepage.
