

Project manager | Avor Holzbau (m/f/d)

Grafschaft Gelsdorf, Germany

As a leading company in the timber industry and in timber and silo construction, Blumer Lehmann uses the diverse potential of wood innovatively and in the sustainable value-added cycle. Our employees are committed to a wide range of customer projects at our headquarters in Gossau SG, at our locations in Switzerland, Germany and Luxembourg, as well as on assignments around the world.

Your tasks

- In this function, you will work in a team and complete the timber construction planning with 3D models or work and assembly plans.
- At AVOR Holzbau you are responsible for creating machine data, beam joining and panel cutting.
- Material procurement and ordering are in your hands.

Your skills and experience

You have basic training in construction as a structural draftsman or carpenter. Ideally, you have qualified to become a timber construction technician Structural engineering, master craftsman, architect or civil engineer further training. You can use your experience in Cadwork in a targeted manner and also love the drawing challenges on the computer. You have a high degree of flexibility, assertiveness and commitment.

Our offer

We offer you an interesting and versatile position in which you can contribute your potential. A growing, tradition-conscious and at the same time innovative environment with a good working atmosphere and a lot of development potential are part of the overall package.

We look forward to receiving your online application.
