Architecture	Bauart Architekten und Planer AG
Project type	Education and research, Temporary buildings
Construction type	Modular construction
Services	General contractor services (GC)
Construction	2014
Locality	Samstagern
Country	Switzerland

A short-term extension

The school and childcare pavilion provides the municipality of Richterswil with a flexible, short-term solution to its need for space for teaching and child supervision. The individual pavilions are tailored to the specific space requirements. The school module has one classroom and six group rooms for the primary school, while the kindergarten module comprises two kindergartens and lunch-hour childcare facilities with a group room.
